INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Sarasota Academy of the Arts, Inc.

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Sarasota Academy of the Arts, Inc. (the Charter School) (a component unit of the School Board of Sarasota County, Florida) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Sarasota Academy of the Arts, Inc.'s basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Sarasota Academy of the Arts, Inc. as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis to be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

Kellegrino & McFarland, P.A.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 16, 2022, on our consideration of Sarasota Academy of the Arts, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Sarasota Academy of the Arts, Inc.'s internal control over financial reporting and compliance.

Management's Discussion and Analysis (Unaudited)
June 30, 2022

The following pages represent Management's Discussion and Analysis (MD&A) of Sarasota Academy of the Arts, Inc. (the Charter School). It depicts and reviews the financial picture and activities of the Charter School as of and for the year ended June 30, 2022.

The intent of this MD&A is to present a picture and assessment of the Charter School's financial performance in an effort to more clearly demonstrate to readers the results of this year's financial operations. Readers should also review the basic financial statements and notes to enhance their understanding of the Charter School's financial performance.

Using the Financial Statements

This financial report includes a series of financial statements and notes to those financial statements. These statements are organized so the reader can understand the Charter School as a financial whole, or as an entire operating entity.

The Statement of Net Position and the Statement of Activities provide information about the activities of the Charter School as a whole, presenting both an aggregate view of the Charter School's finances and a longer-term view of those finances. The Governmental Fund statements show how services were financed in the short-term as well as what financial resources remain for future spending.

| Capital assets, net | \$ <u>1,391,513</u> | \$ <u>204,010</u> | \$ <u>1,187,503</u> |

Capital asset changes during the year were due to the annual depreciation of current capital assets and construction in progress.

Long-term Debt

Below is a schedule of outstanding debt as of June 30, 2022 and 2021. See Note 5 to the financial statements for a detail of changes during the fiscal year and specific debt provisions.

| | 2022 | 2021 | Change |
|---------------|-----------|------|-----------|
| Notes payable | \$600,000 | \$ | \$600,000 |

Changes in debt during the year were from the addition of a loan for the renovation to the building.

Economic Factors and the Budget

The viability and future goals of the Sarasota Academy of the Arts, Inc. are based on the continuation of conservative and creative financial management. The school's future success rests with the choice to continue prudent and conservative financial management as well as meeting and surpassing the academic and creative needs of its students.

Net Change in Fund Balance - Governmental Funds

\$ (441,658)

Amounts reported in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period.

| Capital outlay expenditures |
|--------------------------------|
| Less current year depreciation |

(600,000)

In the statement of activities, the cost of compensated absences is measured by the amounts earned during the year, while in the governmental funds expenditures are recognized based on the amounts actually paid for leave used. The net amount of vacation and sick leave earned in excess of the amount used in the current period is as follows:

Current year accrual of compensated absences

The Charter School is considered a component unit of the School Board.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Basis of Presentation</u>: The basic financial statements of the Charter School have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Government Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB has issued a codification of government accounting and financial reporting standards. This codification and subsequent GASB pronouncements are recognized as GAAP for state and local governments.

Government-Wide and Fund Financial Statements: The Charter School's basic financial statements include both government-wide (reporting on the Charter School as a whole) and fund financial statements (reporting on the General Fund and Capital Projects Fund). Both the government-wide and fund financial statements present only governmental activities. The Charter School has no business type activities.

In the government-wide Statement of Net Position, the Charter School reports on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Charter School's net position are reported in three parts (as applicable): net investment in capital assets; restricted net position; and unrestricted net position.

The government-wide Statement of Activities demonstrates the degree to which the direct expenses of a given function (or segment) are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions restricted to meeting the operational or capital requirements of a particular function or segment. Unrestricted grants and contributions and other items not properly included among program revenues are reported as general revenues.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

The financial transactions of the Charter School are reported in individual funds in the fund financial statements. The fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures.

The individual generic fund types in the Charter School's financial statements are governmental funds. The focus of the governmental funds' measurement (in the fund statements) is on the determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than net income.

<u>General Fund</u> – is the Charter School's general operating fund. It accounts for all financial resources of the school, except those required to be accounted for in another fund.

<u>Capital Projects Fund</u> – this fund is used to account for state capital outlay funding that is legally restricted to expenditures for particular purposes.

<u>Agency Fund</u> – accounts for resources of the Charter School's Internal Fund, which is used to administer monies collected by the Parent Teacher Organization, in connection with school, student athletics, class, and club activities.

<u>Measurement Focus</u>, <u>Basis of Accounting and Financial Statement Presentation</u>: The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Charter School considers revenues to be available if they are collected within 60 days of the end of the current period. When grant terms provide that the expenditure of resources is the determining factor for eligibility for Federal, State and other grant resources, revenue is recognized at the time the expenditure is made. Expenditures generally are recorded when a liability is incurred, as under accrual accounting, However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Revenues for current operations received from the School Board of Sarasota County, Florida, pursuant to the funding provisions included in the Charter School's charter are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Charter School.

<u>Budgetary Basis of Accounting</u>: The annual budget was adopted on the modified accrual basis of accounting. The level of budgetary control is at the entity level. All annual appropriations lapse at fiscal year-end. For fiscal year ended June 30, 2022, expenses exceeded appropriations by \$1,073,403. Revisions to the annual budget are approved by the Board.

Notes to the Basic Financial Statements June 30, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

<u>Cash Deposits</u>: The Charter School's cash consists of demand deposits with financial institutions insured by the Federal Depository Insurance Company. The Charter School has no cash equivalents.

<u>Prepaid Items</u>: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

<u>Receivables</u>: All amounts due from the School Board and other receivables are deemed collectible. Therefore, no allowance has been recorded as of June 30, 2022.

<u>Capital Assets</u>: Capital assets are reported in the governmental activities column in the government-wide financial statements and are not reported in the fund financial statements. Capital assets are defined by the Charter School as assets with an initial cost of more than \$750 and an estimated useful life in excess of one year. Capital assets are recorded at historical cost if purchased or constructed or estimated historical cost when actual historical cost is not available. Donated capital assets are recorded at estimated fair value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. All capital assets are depreciated using the straight-line method over their estimated useful lives. Useful lives vary from 10 to 39 years for buildings and improvements, and 3 to 10 years for furniture, fixtures and equipment, and 3 to 5 years for software.

<u>Long-term Debt</u>: In the governmental-wide fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. In the fund financial statements, governmental fund types report the face amount of the debt issued as other financing sources.

Notes to the Basic Financial Statements June 30, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

<u>Fund Equity</u>: Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

<u>Fund Balance</u>: Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the Charter School is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balances are classified as follows:

- <u>Nonspendable</u>: This component includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- <u>Restricted</u>: This component consists of amounts that have constraints placed on them either externally by third-parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation.
- <u>Committed</u>: This component consists of amounts that can only be used for specific purposes
 pursuant to constraints imposed by formal action of the Charter School's highest level of decision
 making authority. Those committed amounts cannot be used for any other purpose unless the
 Charter School removes or changes the specified use by taking the same type of action it employed
 previously to commit those amounts.
- <u>Assigned</u>: This component consists of amounts that are constrained by the Charter School's intent to be used for specific purposes, but are neither restricted nor committed. The authority for assigning fund balance is expressed by the Board of Directors.
- <u>Unassigned</u>: This classification represents amounts that have not been restricted, committed or assigned to a specific purpose within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. Other governmental funds besides the general fund can only report a negative unassigned fund balance.

<u>Net Position</u>: Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net investment in capital assets excludes unspent debt proceeds.

Net position is reported as restricted when there are limitations imposed on its use either through enabling legislation or through external restrictions imposed by creditors, grantors, laws or regulations. All net positions not reported as net investment in capital assets and restricted net position, are reported as unrestricted net position.

Notes to the Basic Financial Statements June 30, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

<u>Flow Assumptions</u>: When both restricted and unrestricted amounts of fund balance/net position are available for use for expenditures/expenses incurred, it is the Charter School's policy to use restricted amounts first, then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the Charter School's policy to use fund balance in the following order:

- Committed
- Assigned
- Unassigned

Revenue Sources: Revenues for current operations are received primarily from the School Board of Sarasota County pursuant to the funding provisions included in the Charter School's charter. In accordance with the funding provisions of the charter and Section 1002.33(17), Florida Statutes, the Charter School reports the number of full-time equivalent (FTE) students and related data to the School Board. Under the provisions of Section 1011.62, Florida Statutes, the School Board reports the number of FTE students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program (FEFP). Funding for the Charter School is adjusted during the year to reflect the revised calculations by the FDOE under the Florida Education Finance Program and the actual weighted full-time equivalent students reported by the Charter School during the designated full-time equivalent student survey periods.

The Charter School also receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

Additional revenues are derived from various fund-raising activities, contributions and interest earned.

<u>Income Taxes</u>: The Charter School qualifies as a tax-exempt organization under Internal Revenue Code Section 501(c)(3). The Charter School's status as a tax exempt not-for-profit entity is considered a tax position subject to reporting requirements under FASB Accounting Standards Codification 740-10. Entities are required to examine all tax positions and determine if it is more likely than not that the positions would be sustained upon examination by taxing authorities. The Charter School has not recorded any accruals for uncertain income tax positions at June 30, 2022.

<u>Estimates</u>: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes to the Basic Financial Statements June 30, 2022

NOTE 3 – CASH AND CASH EQUIVALENTS

<u>Cash</u>: Custodial credit risk is the risk that in the event of bank failure, the Charter School's deposits may not be returned. The Charter School can mitigate this risk by depositing funds in financial institutions insured by Federal depository insurance. The deposits are insured by the FDIC up to \$250,000 per bank institution. At June 30, 2022, the carrying amount of the Charter School's deposits was \$441,539 and bank balances were \$455,502. The Charter School had uninsured balances of \$43,969 as of June 30, 2022.

Restricted Cash: At June 30, 2022, the Charter School reported restricted cash in the amount of \$200,000.

The School Board requires the Charter School to carry a reserve of \$200,000.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of Sarasota Academy of the Arts, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Sarasota Academy of the Arts, Inc. (the Charter School), a Charter School and component unit of the School Board of Sarasota County, as of and for the year ended June 30, 2022, and the related notes to the basic financial statements, which collectively comprise the Charter School's basic financial statements and have issued our report thereon dated September 16, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Sarasota Academy of the Arts, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Sarasota Academy of the Arts, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Sarasota Academy of the Arts, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Sarasota Academy of the Arts, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Board of Directors Sarasota Academy of the Arts, Inc.

Report on the Financial Statements

We have audited the financial statements of Sarasota Academy of the Arts, Inc. (the Charter School), a Charter School and component unit of the School Board of Sarasota County, as of and for the year ended June 30, 2022, and have issued our report thereon dated September 16, 2022.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.800, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated September 16, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1, Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report, as noted below under the heading *Status of Prior Year Findings and Recommendations* and *Current Year Findings and Recommendations*.

Official Title

Section 10.854(1)(e)5, Rules of the Auditor General, required the name or official title of the entity. The official title of the entity is Sarasota Academy of the Arts, Inc.

Financial Condition

Section 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, require that we report the results of our determination as to whether or not the school has met one or more of the conditions described in Section 218.503(1), Florida Statues, and identification of the specific condition(s) met. In connection with our audit, we determined that Sarasota Academy of the Arts, Inc. did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the school. It is management's responsibility to monitor the school's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by the same.

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require that we report the results of our determination as to whether the school maintains on its website the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that Sarasota Academy of the Arts, Inc. maintained on its website the information specified in Section 1002.33(9)(p), Florida Statutes.

Other Matters

Section 10.854(1)(e)3, Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, matters required to be disclosed are included under the heading *Status of Prior Year Findings and Recommendations* and *Current Year Findings and Recommendations*.

Section 10.854(1)(e)4, Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuses that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, applicable management, and the School Board of Sarasota County, Florida, and it is not intended to be and should not be used by anyone other than these specified parties.
